The main activities of the organisation are charitable.

Incorporation and Operation

The company was incorporated on 12 May 1998 as a company limited by guarantee and having no share capital. The objectives of the company are charitable in nature, with established charitable status (registered charity number CHY 11816). All income is applied solely towards the promotion of the charitable objectives of the company.

Structure and Governance

Governing Document

Educate Together is a charitable company limited by guarantee, incorporated under the Companies Acts, 1963 to 2013 on 12 May 1998. The company does not have a share capital and consequently the liability of members is limited, subject to an undertaking by each member to contribute to the net assets or liabilities of the company on winding up such amounts as may be required not exceeding one Euro (€1).

The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association and managed by a Board of Directors.

The company has been granted charitable status under Sections 207 and 208 of the Taxes Consolidation Act 1997, Charity No CHY 11816.

Recruitment and Appointment of Directors/Management Committee

The directors of the company are also charity trustees for the purposes of charity law and under the company's Articles are known as members of the Board of Directors. Under the requirements of the Memorandum and Articles of Association the members of the Board of Directors are elected to serve for a period of three years. There is a procedure set out in these articles to ensure an orderly rotation of Directors. Directors coming to the end of their term may offer themselves for re-election if eligible.

The Board of Directors seeks to ensure that the needs of the community are appropriately reflected through the diversity of the trustee body. It seeks to ensure that there is a balance of educational specialists, Educate Together community representatives, business, political, financial and legal experts on the board to ensure the best advice and oversight of the activities of the company.

To enhance the potential pool of trustees, Educate Together actively advertises opportunities to participate in its board amongst its member school communities and with national agencies involved in the voluntary and community sector.

Director's report
for the year ended 31 December 2013

The board is committed to achieving high standards of governance. Board members do not receive any remuneration in respect of their services to Educate Together. Expenses are reimbursed where claimed. There have been no contracts or arrangements entered into during the financial year in which a Board member was materially interested or which were significant in relation to Educate Together's activities.

Director Induction and Training

Most Directors are already familiar with the practical work of Educate Together having been involved with the organisation for a number of years.

Sessions in which Directors can familiarise themselves with the operational work of Educate Together are regularly held at the start of board meetings. Each year, a half day session is held at which directors can consider issues of company strategy in great detail. In the past year, the board has participated in a half-day facilitated strategy session at which they were able to query the CEO and senior managers over many aspects of the work of the company and its plans for the future.

In the current work plan of the board, it is planned to hold short induction sessions for new directors and to produce a handbook in which all their main legal, ethical, financial and oversight responsibilities are explained. This will include:

- The obligations of the members of the Board of Directors.
- The main documents that set out the legal framework of the work of Educate Together, especially the Memorandum and Articles of Association and the Educate Together Charter.
- Resourcing the work of Educate Together and the current financial position of the company.
- Future plans, strategy and objectives.

Principal Risks & Uncertainties

The Directors have identified that the key risks and uncertainties that Educate Together faces relate to the risk of a decrease in income from sources including State grants, investments from trusts and foundations and charitable donations. Other risks relate to unforeseen liabilities due to legal issues involving school accommodation, labour issues and the impact of poor governance or performance of the work of the National Office or the member schools. These potential liabilities are in addition to normal operational risks in the area of Health and Safety, employment, taxation and Industrial Relations. There is a further liability that could accrue due to the inability of the organization to meet enthusiastic public demand for its services as a result of lack of funds.

The board mitigates these risks as follows:

- Continually monitoring financial performance, with particular emphasis on income and expenditure, cash flow and budget projections.
- Employing a Financial Controller and appointing an Audit and Business Team to report to the board at its regular meetings.
- Having in place a formal process to review and control performance of staff.
- Maintaining a formal HR Policy Handbook in which major policy areas are defined and reviewed as becomes necessary.

- Regularly seeking operational reports that include potential liabilities emerging in the operation of its network of schools.
- Educate Together closely monitors emerging changes to regulations and legislation on an ongoing basis
- Internal control risks are minimised by the implementation of procedures for authorisation of all financial transactions and projects. Procedures are in place to ensure compliance with health and safety of staff, volunteers, clients and visitors to the national office.

Organisational Structure

The Board of Directors of Educate Together has ten persons elected to three year terms by general meeting of members. This board can then co-opt two additional members to enhance the spread of skills required or to replace a retiring member. The board has a number of sub-committees set up in accordance to its Articles of Association. These include:

4 sub-committees - Business and Finance, Legal affairs, Education, Patronage. The work of the national office is organised into defined programme areas, with staff deployed to projects within these programmes according to need and available resources.

Related Parties

Educate Together is a member of The Wheel, a national umbrella organisation for charitable bodies working in the voluntary and community area; the Children's Rights Alliance and the Irish Charitable Tax Reform Group. It also maintains working relations with a number of "Education Partners" as defined by the Education Act (1998). These umbrella organisations assist Educate Together in its work and to also helps the board ensure that Educate Together adheres to all current legislation in relation to its educational and charitable activities.

Mission Statement

Educate Together will be an agent for change in the Irish State Education system seeking to ensure that parents have the choice of an education based on the inclusive intercultural values of respect for difference and justice and equality for all. In Educate Together schools, every child will learn in an inclusive, democratic, co-educational setting that is committed to enabling and supporting each child to achieve their full potential while at the same time preparing them to become caring and active members of a culturally diverse society.

Principal Activities and Objectives

The principal activity of the company consists of the provision of educational facilities and services, and to grow a national network of dynamic, innovative, multi-denominational schools in Ireland.

Achievements and Performance

Educate Together continued to expand its network during 2013. It opened two new primary schools, and won the contract to open a further three new primary and five new second-level schools, which will open in 2014, 2015 and 2016. Significantly, it also opened one primary school in the context of the government's patronage divestment process, and was selected as patron in 25 further areas around the country identified as in need of multi-denominational provision.

Educate Together
(A Company Limited by Guarantee and not having a Share Capital)

Director's report
for the year ended 31 December 2013

..... continued

Following intensive business development work, in December 2013, Educate Together was awarded the contract to open a new primary academy in Bristol, UK, in 2014 - the first Educate Together school outside Ireland. New governance structures were established in the UK to facilitate this and any future UK developments.

National office staff continued to advocate on behalf of schools in temporary accommodation, and 2013 also saw considerable expansion of existing schools, as well as the welcome provision of permanent accommodation for some schools in the network. At the end of the year there were over 16,000 pupils attending Educate Together schools.

2013 saw the completion of the 5-year growth plan funded by the One Foundation. Achievements during this period were significant, and have resulted in rapid expansion of the Educate Together network, important strategic developments in second-level education, school divestment and teacher education, as well as vastly increased brand awareness.

To facilitate the transition from this funding period, some restructuring was necessary in the national office. Cost cutting measures included reducing staffing in the national office. Despite considerable stress and challenges, the national office team continued to show high levels of performance, achieving and surpassing targets set.

Apart from significant difficulties attracting new sources of income, all sections of the national organisation performed well. The difficulties with income reflect the severe economic downturn that has engulfed the entire economy during this period.

Financial Review

Against the backdrop of limited resources and insecurities over funding, it has continued to be difficult to plan or develop services. Nevertheless Educate Together, with the aid of sound financial management and the support of both its staff and volunteers has significantly grown its network and services to schools and has generated a financial outcome for the period of a net increase in funds of €70,686.

Principal Funding Sources

In 2013, the principal funding sources for the charity are currently by way of a grant from One Foundation, state grants, membership subscriptions and donations from supporters and the general public. As a result of increasing constraints on state expenditure, Educate Together has had to seek funding from a much broader group of agencies and sources.

Use of Volunteers

The charity is grateful for the very significant contribution that its volunteers have made to the organisation and its activities throughout the period.

Future Developments

Developments in 2013 in patronage divestment, second-level education, and overseas will make a significant contribution towards achieving the organisation's overall strategic goals. These new areas will become an important focus for Educate Together's work in the coming years.

Educate Together
(A Company Limited by Guarantee and not having a Share Capital)

Director's report
for the year ended 31 December 2013

..... continued

A key focus for the board will be to continue to drive the transition to financial sustainability. This will be achieved through developing of new income streams and maximising income from current sources, including state, EU and private and corporate fundraising.

A further focus of the board is the development of a new quality framework for Educate Together schools, which will ensure the highest standards of inclusive education are maintained as the network grows and diversifies in the coming years.

Events after the Balance Sheet date

There have been no significant events affecting the company since the year-end.

Funds Held as Custodian Members on Behalf of Others

Neither Educate Together nor its directors hold any funds or other assets byway of a custodian arrangement.

Research and Development

Educate Together is a learning organisation. During 2013, it undertook research and development, staff training and education in relation to a number of important operational areas including ethical education, intercultural education, curriculum and assessment, quality indicators, presentation skills, project management and digital marketing.

A ground-breaking postgraduate course (NFQ Level 9) in Ethical Education was delivered for the first time in partnership with St Patrick's College, and this innovation will be developed to Doctoral level (NFQ Level 10) in 2014.

Books of Account

The measures taken by the directors to ensure compliance with the requirements of Section 202, Companies Act, 1990, regarding proper books of account are the implementation of necessary policies and procedures for recording transactions, the employment of competent accounting personnel and appropriate expertise and the provision of adequate resources to the financial function. The books of account of the company are maintained at the Registered Office.

Auditors

The auditors, GBW, have indicated their willingness to continue in office in accordance with the provisions of Section 160(2) of the Companies Act, 1963.
